## Wanted! Additional Founding Members

The Finch Arboretum is in need of founding members for a volunteer support group. We're meeting next on July 19th, 2011, 4:30 pm at the Arboretum in the Woodland Center, 3404 W. Woodland Blvd., Spokane, WA 99224

The agenda will include:

- Choosing a name for the group
- Formulating a mission statement
- Identifying priority projects
- Discussing how to recruit additional members

For more information, please contact Steve Nittolo, 509.625.6692 or email to [snittolo@spokanecity.org](mailto:snittolo@spokanecity.org)

### *Why Are We Forming this Group?*

This is an exciting time to be involved in the creation of this new organization. It's also a great opportunity to pioneer and set a course for an organization that will help determine the future of the Arboretum. Members will provide input for the future direction of landscaping and plant collections and will be involved in decisions that affect the Arboretum for years to come. This volunteer group will work to create and find funding for an Arboretum Master Plan and other projects. Work done by this volunteer group will ensure the future care and improvement of Garden Springs Creek in the Arboretum, as well as providing guidance related to the management and overall well-being of the Arboretum. *Please join us!*
