**DONORS HELP MAKE DOG PARK
A NICER PLACE FOR
DOGS TO PLAY**

The SpokAnimal Dog Park at High Bridge has more than just four-legged friends who are making a real difference in the park.

- A \$500 donation for trees for the small dog section of the park was received this week from The Associated Garden Clubs of Spokane. SpokAnimal is looking for volunteers to help dig holes and help with planting the 15 new red maples.
- Tomorrow, SpokAnimal staff will meet with Parks and Recreation staff to determine placement of a new Information kiosk in the park.
- Last week the Park was closed for three-days so that troublesome weeds could be sprayed. In addition to Hounds tongue, poison ivy was found along with poison hemlock and some other potentially toxic weeds. Due to the sheer volume of weeds it is anticipated that more spraying will need to be done to insure we completely eradicate the problems. Signage will be

posted well in advance of any spraying to provide for the safety and good health of both dogs and their humans.
